

Warrior

Atreyu

I am a warrior, I walk with the gods
I am a warrior, I will never stop, yeah

Sometimes I feel like I'm falling
So fast from the sky
From the weight of my life
Sometimes I feel like I'm hunted
Attack me with knives
Cut me up in the night

I am a warrior, I walk with the gods
I am a warrior, I will never stop
What doesn't kill me makes me stronger
I am the wolf, I am the hunger
I am a warrior, I walk with the gods

No, I won't take no for an answer
I leave behind all the lies
I taught myself to survive

I am a warrior, I walk with the gods
I am a warrior, I will never stop
What doesn't kill me makes me stronger
I am the wolf, I am the hunger
I am a warrior, I walk with the gods

I am a
I am a
I am a

I am a warrior, I walk with the gods
I am a warrior, I will never stop
What doesn't kill me makes me stronger
I am the wolf, I am the hunger
I am a warrior, I walk with the gods, yeah
