## When Two Are One

Bang Explosions in my head that just won't quit A train is crashing through the wall around my heart And left it only dead, obliterated Stop My breathing in the night when you?re not there The silence ringing through my ears And all I want to do is hear your voice But you're not there Drawn together The pain has rushed through Sleight of hand, blink We won't go up in smoke Things colliding, love undying Like the rising tide

Beating hearts grow but never die To simplify I'll stand by your side Close my eyes, hope will never die

Like the rising tide Beating hearts grow but never die To simplify I'll stand by your side Close my eyes, hope will never die

## Burn

Take away the pain of being me Soothe my soul, caress my heart And end my fear of my bad memories Eradicated

Pain Like gunshots running against the silent night My love was silent and these words were Stronger than the rest, unstoppable Unstoppable

Drawn together Pain has rushed through Sleight of hand, blink We won't go up in smoke Things colliding, love undying

Like the rising tide Beating hearts grow but never die To simplify I'll stand by your side Close my eyes, hope will never die

Like the rising tide Beating hearts grow but never die To simplify I'll stand by your side Close my eyes, hope will never die Will never die Drawn together Pain has rushed through Sleight of hand, blink We won't go up in smoke Things colliding, love undying

Like the rising tide Beating hearts grow but never die To simplify I'll stand by your side Close my eyes, hope will never die

Like the rising tide Beating hearts grow but never die To simplify I'll stand by your side Close my eyes, hope will never die Will never die, die
