

Dance!

Attack Attack!

Dance, I wanna dance
I wanna dance, I wanna dance
'Cause I wanna dance, I wanna dance
I wanna dance, I wanna dance

Break that clock, stop what we're doing
Some of it will not change
One in the same, call it a complex
If you really wanna dance, motherfucker, take a chance
Make a pass at a bad motherfucker

I wanna dance, boy, hope you're ready for the show
I wanna dance, boy, I wanna dance
I wanna dance, boy, let's knock on a mask, yeah, go, go

If you really wanna dance, dance, dance, dance, dance
Let me see your fucking hands, hands, hands, hands, hands
If you wanna throw down, we can do it right now
Fuck around and find out
If you really wanna dance, dance, dance, dance, dance
Let me see your fucking hands, hands, hands, hands, hands
If you wanna throw down, we can do it right now
Fuck around and find out
If you really wanna dance

I wanna dance, I wanna dance
I wanna dance, I wanna dance
I wanna dance, I wanna dance

One, two, three, four, five, six, seven, eight
We are the baddest, we're so pretty, can't wait
We're so good, let's go all night long
Shake it now, shake it like that, it's me

I wanna dance, boy, I wanna dance, boy
I wanna dance, boy, let's dance, dance, dance, dance
Let me see your fucking hands, hands, hands, hands, hands
If you wanna throw down, we can do it right now
Fuck around and find out
If you really wanna dance, dance, dance, dance, dance
Let me see your fucking hands, hands, hands, hands, hands
If you wanna throw down, we can do it right now
Fuck around and find out
If you really wanna dance, dance, dance, dance

Dance, dance, dance, dance
If you really wanna dance, dance, dance, dance, dance
One more, one more, one more
Dance, dance, dance, dance
Pull up and ready for the show
We're the shark and the white girl

If you really wanna dance, dance, dance, dance, dance
Let me see your fucking hands, hands, hands, hands, hands
If you wanna throw down, we can do it right now
Fuck around and find out
If you really wanna dance, dance, dance, dance, dance

Let me see your fucking hands, hands, hands, hands, hands
If you wanna throw down, we can do it right now
Fuck around and find out
If you really wanna dance, dance, dance, dance

Dance, dance, dance, dance
If you really wanna dance, dance, dance, dance
Let me see your fucking hands, hands, hands, hands
