

## Dr. Shavargo Pt.1

Attack Attack!

Why do I, even care?

I'll rip out your heart and your eyes until,  
you see this blood to keep inside.  
And I can, go on carry for this way  
And I can, give the rest 'till you  
take this, blood I have inside  
Will I, go and find your blood?  
I want, one I had for you.  
We'll die and go seek the truth.

I want you, the book is telling you,  
the bloods telling me something that you,  
will go and cut me off, well tell me I will  
go and fight the truth.

We are your god.  
We are your god.  
We are your god.

I'll rip out your heart and your eyes until,  
you see this blood I had shown you.  
And I can't, go and take this far,  
I want you to seek the truth.

I want you to follow me into, in the place your safe.  
Take this, which you'll be gone.  
I will go and see the truth.

Why the soul, will make you want to die  
for making everything gone, I..  
I can't do anything right,  
I gotta get you more, gotta get you on.  
I will fight, I'll fight the truth.
