

## Dr. Shavargo Pt. 1

Attack Attack!

Why do I, even care?

I'll rip out your heart and your eyes until,  
You see this blood to keep inside.  
And I can, go on carry for this way  
And I can, give the rest 'till you  
Take this, blood I have inside  
Will I, go and find your blood?  
I want, one I had for you.  
We'll die and go seek the truth.

I want you, the book is telling you,  
The bloods telling me something that you,  
Will go and cut me off, well tell me  
I will go and fight the truth.

(We are your god...)

I'll rip out your heart and your eyes until,  
You see this blood I had shown you.  
And I can't, go and take this far,  
I want you to seek the truth.

I want you to follow me into, in the place your safe.  
Take this, which you'll be gone.  
I will go and see the truth.

Why the soul, will make you want to die  
For making everything gone, I.. I can't do anything right,  
I gotta get you more, gotta get you on.  
I will fight, I'll fight the truth.
