

# Fade With Me

**Attack Attack!**

All night long  
Had my head in the clouds  
Time to kick it up  
I confess that I've been missing you  
I wanna see you in a different light  
We'll take it up to ten, keep it there all night  
Because I know you need this too

Won't you fade  
Won't you fade with me  
Won't you fade  
Won't you fade with me

I know you're feeling high  
Tonight it's going down  
Down down down down  
Won't you fade  
Won't you fade with me

Won't you fade...

Won't you fade  
Won't you fade with me

The night is young  
Now we're here and we're gonna kick it up  
I been missing all this time with you (with you)  
I wanna see you in the flashing lights  
Awake until we see the sunrise (see the sunrise)  
I been missing all this time with you (with you)

Won't you fade  
Won't you fade with me  
Won't you fade  
Won't you fade with me

I know you're feeling high  
Tonight it's going down  
Down down down down  
Won't you fade  
Won't you fade with me

Won't you fade...

Won't you fade  
Won't you fade with me  
Won't you fade  
Won't you fade with me

I know you're feeling high  
Tonight it's going down  
Down down down down  
Won't you fade  
Won't you fade with me
