

If Guns Are Outlawed...

Attack Attack!

Burning inside, all that I can.
Why will I know?
When you see me speak.
I can't go on far.
Let this stop your pain.
I'll bring this up and burn it down.
It'll be so beautiful.
I'll bring this smoke and burn it down, burn it down.
When in doubt, when in doubt, I'll save her.
And you can be what I found on my head.
I can't go on, it'll be what you want.
This time, this time, this time.

I'll burn all you had and everybody is starting to take from me
.
You don't want me to give up on you, give up on you, oh.

Why? what I feel, coming down.
Why can't I?
You will fall down again, weights will come down.
I will follow you, I will follow you.

And now everything we thought we always knew, has been broken down and totally changed by you, and I would never look at this life the same.
(You won't change, but, you will change me)
[?] and I will never fall away from you.
(Save me, from myself, save me from myself)
I'll never fall away from you.
And I would never fall away to the very dream that is bothering me today and all I can say is thank you.
(Your eyes won't bring me back)
Thank you, thank you.

Say these words whispered to me.

(Again, I bled for. I bled, I bled for you.)
I'll take this on, I will not bleed for you.
