

Karmageddon

Attack Attack!

We've all gone mad, so here's a toast
The life we had is overdosed
On kerosene, turn your back
Say goodnight, light the match
And if we all burn down, we deserve it
Yeah, it's all gone now, was it worth it?
Worthless

No cap, rizz lord, pretty sus
Chewin' on a gun, are we having fun?
Bang, bang, bang, bang

Take, take, take what you're given
Hate, hate, hate every minute
Ain't no rest for the living, so come and get it
The devil came to collect, Karmageddon
Karmageddon

Drag it, drag it, drag it, drag it down
Burn it, burn it, burn it to the ground

No cap, rizz lord, pretty sus
Chewin' on a gun, are we having fun?
Bang, bang, bang, bang

Take, take, take what you're given
Hate, hate, hate every minute
Ain't no rest for the living, so come and get it
The devil came to collect, Karmageddon
Karmageddon

Sad that we can't read the room
With so much to lose
Stomach in knots like a noose
Scared of the truth

We're all so depressed
Selling sex on the Internet
Wonder what comes next
Drag it in, one more cigarette
Burn!

Sad that we can't read the room
With so much to lose
Stomach in knots like a noose
Scared of the truth

Take, take, take what you're given
Hate, hate, hate every minute
Take, take, take what you're given
Hate, hate, hate every minute
Ain't no rest for the living, so come and get it
The devil came to collect, Karmageddon
