Killing for Sport

Attack Attack!

Gather round all the wicked as you please
Come to see a man fall down to his knees

Gather round all the wicked as you please
Come to see a man fall down to his knees

Fuck you
Bitch

There's a special place I want to take you
Six feet down, heard it has a great view
You are a thief, a rat-like man of greed
Robbing innocence to fill your desperate need
Fuck that
Fuck you too
You wanna play the long con?
I'll give you something to prey on

Pay The Ferryman good
I've come so close, I should
Pull the trigger instead
I hold the gun to your head

Don't misread the terms
I'm carving backwards on your head
By the time you see yourself again
I'll make you wish you were dead

Gather round all the wicked as you please
Come to see a man fall down to his knees

Gather round all the wicked as you please
Come to see a man fall down to his knees

Fuck you all
Goodnight, so long
Fuck you all
I am the law

Pay The Ferryman good
I've come so close, I should
Pull the trigger instead
I hold the gun to your head

Fuck you
Bitch

I hold the gun to your head

I'll make you wish you were dead
