

Lost for words

Attack Attack!

I'm lost for words, I cant get them out
I'm lost for words, they're stuck in doubt
The more I look the less I see
I wish, I wish these words would come and rescue me
The more I push the less I see
I wish, I wish these words would come and rescue me
Break these barriers down, make these walls collapse
Let the pieces of the puzzle start to fit
Let the pieces of the puzzle start to fit
I'm lost for words, I cant get them out
I'm lost for words, they're stuck in doubt
The more I look the less I see
I wish, I wish these words would come and rescue me
The more I push the less I see
I wish, I wish these words would come and rescue me
Break these barriers down, make these walls collapse
Let the pieces of the puzzle start to fit
Let the pieces of the puzzle start to...
