

# ONE HIT WONDER

**Attack Attack!**

War never changes, it's all simulation, I lock and load  
Rack'em and tag'em and bag'em and stack'em like dominos

Here before your eyes  
First one off the line  
Last one left alive

I'm a one hit wonder  
Plug in and player, right in the gamer, end of the dayer  
I'm a one hit wonder  
Love it or hate it, you gotta face it, I'm still the greatest  
I'm a one hit wonder  
All me, hey  
No cheat codes  
One hit wonder  
All me, hey  
I'm beast mode

Talk shit, get hit  
With a little right, left, up, down for the count  
Three, two, one, lights out

I'm a one hit wonder  
Plug in and player, right in the gamer, end of the dayer  
I'm a one hit wonder  
Love it or hate it, you gotta face it, I'm still the greatest

War never changes, it's all simulation, I lock and load  
Rack'em and tag'em and bag'em and stack'em like dominos

Lock and load

I'm a one hit wonder  
Plug in and player, right in the gamer, end of the dayer  
I'm a one hit wonder  
Love it or hate it, you gotta face it, I'm still the greatest  
One hit wonder  
All me, hey  
No cheat codes  
One hit wonder  
All me, hey  
I'm beast mode
