

# Paralyzed (Until We Meet Again)

Attack Attack!

I recognize your eyes  
They're just like mine  
I was scared out of my mind  
When I held you the first time  
And now I need you here by my side

I can feel I'm barely hanging on  
Let my final breath say the words my voice cannot  
I live on in you

I see you, I feel you  
But here I lay  
I'm paralyzed by the pain  
Don't cry as I leave you  
It's not the end  
Until we meet again

Oh, what I would give just to hold you  
For one last time  
But my body is failing  
These lungs aren't inhaling  
God, I'm hanging on just to say goodbye

I see you, I feel you  
But here I lay  
I'm paralyzed by the pain  
Don't cry as I leave you  
It's not the end  
Until we meet again

I've seen nations rise and fall  
Found salvation through it all  
But my greatest gift was you  
Live for me like I lived for you

Live for me like I lived for you

I see you, I feel you  
But here I lay  
I'm paralyzed by the pain  
Don't cry as I leave you  
It's not the end  
Until we meet again

I see you  
Until we meet again  
I feel you  
Until we meet again  
I see you  
Until we meet again  
I feel you  
Until we meet again

I recognize your eyes  
They're just like mine
