

## Now That I'm Dying

Attack In Black

It's so hard to find out  
Cause I'm so far behind them  
I wish I was a lion  
Now that I'm dying

Why's it such a mystery  
Is this how it's supposed to be  
No one comes too close to me  
Now that I'm dying  
Now that I'm dying

I wish my legs would work again  
I'd run as fast as I can  
Never to come back again  
But Now I'm dying  
Now I'm dying

Where will darkness take me  
And will it take me safely  
And who will be there waiting  
Now that I'm dying  
Now that I'm dying  
Now that I'm dying  
Now that I'm dying
