

Rope

Attack In Black

Where'd you learn to tie that rope man
And is it done the best that you can
Can you make a tire with your strong hands
tied for the gallows hanging

Does it ever keep you up at night
Do you wonder what you're doing's not right
And do you ever think you might know

what it feels like at the end of your rope
what it feels like at the end of your rope
what it feels like at the end of your rope
what it feels like at the end of your rope
