

Zombies

Attak

Verse

When you see them, don't deceive them, when you're on the street.

When you see them, you can't beat them, cause they want some meat.

You can't fight them, when you sight them they will end your life.

They will eat you when they meet you, carve you with a knife.

Chorus

They're the zombies They're the zombies And their eyes are red.

They're the zombies They're the zombies And you'll soon be dead
