Attila

Yeahhhhhh
Here we motherfucking go
fuck that. We raise hell
I'll tear your soul apart. fuck pigs. we raise hell
Lawless among the pack, we never listen, we live our lives above the law
WE'RE FUCKING VILLAINS!
Fuck everything you say I'm here to smash shit straight from the depths of hell
if you can't hang then fucking quit
We Raise Hell
Always disorderly (rebels with no defeat)
fuck with our team if you dare
fuck all authority (rep the minority)
I've had enough of your shit to last me a lifetime
I stay out of line
I can't be put down this time
try me if you dare
I don't even fucking care
fuck that. we raise hell
I'll tear your soul apart. fuck pigs. we raise hell
I'm a badass and you're a fucking bitch
Rock & Roll was invented for the wicked
leave your bibles at home under the bed
We're the villains and we came to raise hell
listen to the fucking words I said
