

New Devil

Attila

Partied with the devil now
I'm on another level and I'm livin like a rebel
I'ma takeover the devil

I'm your new devil
I'm your new devil

I've been sent below to take over hell
And I won't relinquish till the job is done
The devil was my friend my guns on his neck
And I won't give up till the bullets in his head

I am the commander of hell and
The devil must resign so I can have my way
I am the king and I'm on a roll
And this is my world and I'm in control
Oooo
The devils my bitch and I run this shit
You can suck my dick
I don't even give a shit
Bitch

Daddy raised you hard and now you've grown to be an outlaw
I partied with the devil and now I'm the king of hell
On my three 6 shit I took a shot and then I bailed

I'm a hell raiser
I'm about that life until I die
I'm still about it clarity
I'm still outlawed middle fingers to the fucking sky

I am the commander of hell and
The devil must resign so I can have my way
I am the king and I'm on a roll
And this is my world and I'm in control
Oooo
And I'm in control
And I'm in control
