

# No One Will Return

Attila

And we all know their cause  
Delayed our freedom  
Lets make our own fucking decisions!  
NO ONE WILL RETURN!  
You'll die alone  
Throw away your fears- the won't help you now  
Failure wasn't all it was hyped up to be  
Now it's here to haunt you and me  
Success is not for you  
No one will pull through  
Grab swords and knives  
(look to the sky)  
Before you die  
FAILURE STARING INTO YOUR EYES  
(You're blind)  
Filled with deceit!  
Meant for deceit!
