

Still About It

Attila

Wake up in the morning, take a piss and smoke a blunt
Push to start the Lamborghini then I grab her by the cunt

Fuck yeah!

Addicted to your sex
When I'm runnin around on the town it don't stop
It just runs back in my head
No joke real shit I'm hooked
Like a motherfuckin' drug
Give it to me
In the morning, afternoon or night time
You can wake me up in the middle of the night
Lets fuck, don't ask, I don't give a fuck
I know you want it

I love when you're on your knees
Dick you down it's what you need
Pussy wet, you're such a tease
You love when I fuck, fuck, fuck you

Tell me how you like it, baby

Harder, harder
Faster, faster
Dripping wet
Harder, harder
Faster, faster
Don't stop
Harder, faster
Harder, faster
Dripping wet
Harder, faster, woah
Take me to the edge

I love when you're on your knees
Dick you down it's what you need
Pussy wet, you're such a tease
You love when I fuck, fuck, fuck you

You love it?
Oh yeah, you fuckin' love it
You love when I fuck, fuck, fuck you
You fuckin' love it
Are you cumming? Hell yeah
You love when I fuck, fuck, fuck you

Horny till the day I die
You know I'm still about that life

I just can't stop
You know I'm about that life bitch
I need sex

Take it back, take it back
Say it to my face, bitch
I know you love the throwback

Dickin it, dickin it
Call me deep dick daddy in the bedroom
Cuz I know you like it hard but did I speak too soon

I love when you're on your knees
Dick you down it's what you need
Pussy wet, you're such a tease
You love when I fuck, fuck, fuck you

I'm still about it, bitch

I'm still about it, bitch
