

Automatic

Aubrey O'Day

Look at my body, it's so official
Every time they see me, they shoot over like a missile
Just wanna party, don't need no issues
If that's your girlfriend over there, I think she miss you

When I'm on, when I'm on the dance floor tell the DJ give me more
Up so loud the speakers blow, the beat that makes my body go

I'm begging for it now, spinning round and round
Wanna tear it down, I can't control it

When the beat goes boom, I hit the room, my body goes automatic
(automatic) automatic (automatic)
When the beat goes boom, I hit the room, my body goes automatic
(automatic) automatic

They crowd around me, every time I enter
You could see their heartbeat pumping louder than a speaker
So get up off me, with all them whispers
Cause I'm the type of girl that's gonna hurt your feelings

When I'm on, when I'm on the dance floor tell the DJ give me more
Up so loud the speakers blow, the beat that makes my body go

I'm begging for it now, spinning round and round
Wanna tear it down, I can't control it

When the beat goes boom, I hit the room, my body goes automatic
(automatic) automatic (automatic)
When the beat goes boom, I hit the room, my body goes automatic
(automatic) automatic (automatic)

(When I'm on the dance floor tell the DJ give me more
Up so loud the speakers blow, the beat that makes my body go)

When I'm on the dance floor tell the DJ give me more
Up so loud the speakers blow, the beat that makes my body go

I'm begging for it now, spinning round and round
Wanna tear it down, I can't control it

When the beat goes boom, I hit the room, my body goes automatic
(automatic) automatic (automatic)
