

Goodbye Heartbreak

Aubrey O'Day

Tryna stop my hands from bleeding
You're playing tug o war with my feelings
If I let go I'll lose everything
But with you tell me will I ever win

(Loving you more than myself)
Is wearing me down
(And the type of love I have lived)
A pain I can live without

Goodbye heartbreak,
I don't ever wanna see your face again.
Goodbye heartbreak,
Gotta start my healing from within.
Goodbye heartbreak, heartbreak, heartbreak, yeah!
Goodbye heartbreak, heartbreak, heartbreak, yeah!
Goodbye heartbreak!

Your love will never equal to
The price I paid to ever stay with you
My love is such a masterpiece (It's a masterpiece oh)
A work of art that you could never ever see

(Loving you more than myself)
Is wearing me down
(And the type of love I have lived)
A pain I can live without

Goodbye heartbreak,
I don't ever wanna see your face again.
Goodbye heartbreak,
Gotta start my healing from within.
Goodbye heartbreak, heartbreak, heartbreak, yeah!
Goodbye heartbreak, heartbreak, heartbreak, yeah!
Goodbye heartbreak!

There's no good in goodbye
(But I'm strong enough I gotta let you go)
Takes forever to say it
(But now I know there's no happy ending with true love) no, no
(Because true love will never end)
goodbye...

Goodbye heartbreak,
I don't ever wanna see your face again.
Goodbye heartbreak, (It kills me)
Gotta start my healing from within. (My heart I'm getting you outta there)
Goodbye heartbreak, heartbreak, heartbreak, yeah! (oh, oh)
Goodbye heartbreak, heartbreak, heartbreak, yeah! (oh, oh)

Goodbye heartbreak, (Goodbye)
I don't ever wanna see your face again. (Never)
Goodbye heartbreak,
Gotta start my healing from within. (I'm starting it now, putting you out)
Goodbye heartbreak, heartbreak, heartbreak, yeah! (I gotta save me from myself)
Goodbye heartbreak, heartbreak, heartbreak, yeah!

Goodbye heartbreak!
