Aubrey O'Day

Coming for me,  
Coming for me again  
I feel it coming,  
Coming for me again  
[x4]

I can't deny being seduced by evil  
So as much as it burns  
I'll sit in between  
And wait for my next turn  
Between two evils

Coming for me,  
Coming for me again  
I feel it coming,  
Coming for me again  
[x2]
