

Cold

Audien

I wish I could live
In a world with no pain
Take me away
I'm so cold

Be my summertime
Pretty in the light
Hold me I'm so cold
Cold cold cold cold cold

Cold cold cold cold
Pu-du-dum dum dum
Ohh-ohh ahhh ahhh ahhh ahhh ahhh-ha-ha ahhh
Hold me, hold me
Ohh ohh ohh cold
Pu-du-dum dum dum ohh-ohh
Ahhh ahhh ahhh ahhh-ha ahhh ahhh
Hold me, hold me

Oh, I can taste
Another life is waiting for me
Don't let me wait
When you're so warm

All of the sunlight when you hold me
So much better than being lonely
Let your love grow inside me like a storm

Oh, I've been so cold
Cold cold cold
Pu-du-dum dumdum
Ohh-ohh ahhh ahhh ahhh ahhh ahhh-ha-ha ahhh
Hold me, hold me
Ohh ohh ohh cold
Pu-du-dum dum dum
Ohh-ohh ahhh ahhh ahhh ahhh-ha ahhh ahhh
Hold me, hold me
Hold me
