

Insomnia

Audien

Its hard to give a damn about the stick or stone
When all my bones went shook so long
And the ghost inside my head it keeps a floating on
And all night long I pray him gone

Like ooooooh ooooooh
I think forgotten how to sleep
Ooooooh ooooooh
I think forgotten how to sleep

Oh i dont wanna close my eyes
Coz i just wanna stay alive
I'm fighting with the beast inside
Coz i dont wanna close my eyes

Oh i dont wanna close my eyes
Coz i just wanna stay alive
I'm fighting with the beast inside
And i dont wanna close my eyes

And dancing in the gallows just lose myself
I come undone I need some help
And i'm sick of throwing pennies in the wishing well
Coz everyone goes straight to hell

Like ooooooh ooooooh
I think forgotten how to sleep
Ooooooh ooooooh
I think forgotten how to sleep

Oh i dont wanna close my eyes
Coz i just wanna stay alive
I'm fighting with the beast inside
Coz i dont wanna close my eyes

Oh i dont wanna close my eyes
Coz i just wanna stay alive
I'm fighting with the beast inside
Coz i dont wanna close my eyes
Oh i dont wanna close my eyes

I'm fighting with the beast inside

Oh i dont wanna close my eyes

I'm fighting with the beast inside

Oh i dont wanna close my eyes

I'm fighting with the beast inside

Oh i dont wanna close my eyes
Coz i just wanna stay alive
I'm fighting with the beast inside
Coz i dont wanna close my eyes
