

# Make Me Forget

Audien

Why is it so hard to breathe?  
It's draining all my energy  
How did I get in so deep?  
Set me free

Anything to down my mind  
'Til my worries fall behind  
Then tomorrow we can cry  
But not tonight

I don't want to believe  
All the dark I see  
Baby, it's too much for me  
So, tonight, can you make me forget?

Why does it seem  
Like it's all a bad dream?  
Baby, I've been losing sleep  
So, tonight, can you make me forget?

Tonight, can you make me forget?  
Tonight, can you make me forget?  
Tonight, can you make me forget?  
Tonight, can you make me forget?  
Tonight, can you make me forget?  
Tonight, can you make me forget?  
Tonight, can you make me forget?  
Tonight, can you make me forget?  
Tonight, can you make me forget?
