

He broke your heart in Monaco  
Your tears flowed through the payphone  
You swore that you'd always be alone  
But there's something inside me that's changing  
She left me there in Amsterdam  
With love as real as a hologram  
I thought of you and right then I knew  
You should be beside me, beside me

I'm just a blind man seeing the sun for the first time  
Yeah, it was always you, now it's pulling like a riptide  
I'm just a blind man seeing the sun for the first time  
Yeah, it was always you and I can see the love in your eyes

I'm just a blind man seeing the sun for the first time  
Yeah, it was always you, now it's pulling like a riptide

You've been right there since the 7th grade  
Remember all of those plans we made  
We always swore that we'd never change  
But the feeling inside me is fading  
Cause I see your face in a different light  
There's something real I don't wanna fight  
And I finally know when we say goodnight  
You should be beside me, beside me

I'm just a blind man seeing the sun for the first time  
Yeah, it was always you, now it's pulling like a riptide  
I'm just a blind man seeing the sun for the first time  
Yeah, it was always you and I can see the sun in your eyes

I'm just a blind man seeing the sun for the first time  
Yeah, it was always you, now it's pulling like a riptide

He broke your heart in Monaco  
Tears flowed through the payphone  
You swore that you'd always be alone  
But something inside me is changing
