

# Reach

Audien

Look at me  
Look at me and tell me how this came to be  
Things I never question I do suddenly  
Tell me how I stop the hurting

All I had is all I took for granted  
Like you I thought we had it  
So come on turn around

Come on reach  
Come on reach for me  
In a heartbeat we can leave this fear behind

Come on reach  
Come on reach for me  
It's the only thing that's keeping us alive

So come on reach  
Come on reach for me  
So come on reach  
Come on reach for me

Throw the blame  
Hit me punch me come on  
Give me everything  
I know the damage done  
I'm still gonna stay  
Only we can stop the hurting

And all we had is all we never doubted  
We can't go on without it  
So please just turn around

Come on reach  
Come on reach for me  
In a heartbeat we can leave this fear behind

Come on reach  
Come on reach for me  
It's the only thing that's keeping us alive

So come on reach  
Come on reach for me  
So come on reach  
Come on reach for me

And all I have is all I took for granted  
Like you I thought we had it  
So come one turn around  
All we had is all we never doubted  
We can't go on without it  
So please just turn around

Look at me  
Look at me and tell me how this came to be

Come on reach

Come on reach for me  
In a heartbeat we can leave this fear behind

Come on reach  
Come on reach for me  
It's the only thing that's keeping us alive

So come on reach  
Come on reach for me  
So come on reach  
Come on reach for me

So come on reach  
Come on reach for me  
So come on reach  
Come on reach for me

So come on reach  
Come on reach for me  
So come on reach  
Come on reach for me
