

People everywhere have something to say
From the East to the West
From here to Bombay
Save the whales save the planet
Save the eagles today
From the mountains to the valleys
To the rich and the poor
Everybody has a voice but they still want more
They fight they shout they yell
What they screamin for
Picket lines burning flags magazines
Coup-de-ta, kill the king
See the popel rally hear them scream
The worlds a speaker listen to them sing

It's an Audio World
A world thats reaching out to you
It's an Audio World
A world thats dying to hear the truth

You got to show up speak up get the Word told
Tell all the people nad you've got to be bold
Just let the voice of God in their hearts unfold
We make the message known by the anthems we sing
But there's many of us who haven't done a thing
Be a sign waver for the Christ and the coming King
Let's preach and teach and spread the Word
Tell everybody 'til everybody's heard
Let it be known that it's for the King
And this is the reason that we sing
