

# Don't Censor Me

Audio Adrenaline

Pop bang boom pow  
kill somebody and you take a bow  
Naughty (words), naughty (words)  
mouth full of potty (words)

You stretch and you flex  
and you swin your S.E.X.  
I try to talk about G.O.D.  
why you wanna censor me?

I'm the salt of the earth  
the city on a hill  
My light's twice as bright  
I'm gonna show you something real

So don't (don't), don't (don't), don't (don't)  
Don't censor me

We scream we shout  
we just wanna let it out  
No fuss and no cuss  
you still try to censor us  
Only one word shakes the earth  
only one word holds the worth  
One word G.O.D.  
why you wanna censor me?

I'm the salt of the earth  
the city on a hill  
My light's twice as bright  
I'm gonna show you something real

So don't (don't), don't (don't), don't (don't)  
Don't censor me

Don't censor me  
You can't shut me up!  
So don't even try!

I'm the salt of the earth  
the city on a hill  
My light's twice as bright  
I'm gonna show you something real

So don't (don't), don't (don't), don't (don't)  
Don't censor me
