But only for tonight  
Anything goes you ain't gotta think twice now  
Just tell a nigga oooh I like it

Got 7 rings on I feel like Robert Horry  
I'm 22 my bank account look like I'm 40  
Cause that paper mandatory  
Play with that, that's another story  
My ex is hater but she real cool with my people though  
I told her cherish this cause they don't make em' like me no more  
And girl you know what I came for  
Legs in the air Liu Kang flow  
Call that pussy the finish line  
Tonight I'm gon' be Usain Bolt  
Now told her load the TEC for the boy so I know it's real  
Hit the set with the boy so I know it's real  
Get it wet for the boy so I know it's real  
I put it on you like no other girl you know the deal

Alright, tell me how you like it  
Get it how you want it baby  
The way u moving that body  
I hit it til' the morning baby  
I lay back if u got it  
Arch it up and I'm a make u say  
When I'm up inside it- bounce  
Give it til' she can't take no more  
Then tell her she can't stay no more  
She ain't on my team, don't know my team  
No jersey baby and I ain't no coach  
You girl you're the 1  
And I think I like you 2  
And I'm leaving here by like 3  
So if you all 4 it then cool  
We'll go 5 rounds, bust 6 times  
And by 7 AM I rest  
You gon' love the way that I 8 that  
And 9 time out of 10 it's the best  
Just know I told u so when I kill it  
It's our turn, the realest  
Just don't catch that one STD called feelings  
Cause you know that when I'm...

You know what I'm talking about  
This shit feel like 1990 all over again  
So listen  
It's really just me and the homies  
Come thru the house and hit  
Bring your homegirl  
Grab that cup  
Pour that drink  
Smoke something  
We're gonna have a good time  
Yeah

So you can run the streets with your bucks  
I was waiting for you  
To come and put it down like you do
