

Smoother than my double kick flip
West, west, west
Aw yeah
West, west, west

West, west, west

West, west, west

West, west, west

It's like, champagne and dead clubs
A good brain and head rubs
From your girl to my girl
Either way you're scared of us
Honey Jack, a box of Magnums
Let's see how fast we can kill both
She was with her girlfriends getting crazy
My niggas tryna see who might go
House party every night, vibin', trippin'
MVP that's my position
Stayin' out of trouble with the vibes gettin' lifted
Girls takin' shots yellin' "Tribe", in the kitchen
Too live, man, I can't stop
Hot damn just ashed on my laptop
Still kick it with my niggas from the sandbox
Make her take it off like her pants hot

This feel like the 91 10 East
Cruisin' down the city streets
Weed in the air, lay back in the seat
A clique full of kids tryna find somethin' to get into
(Ole girl said it's goin' down for the night
Ole girl said it's goin' down)
Somethin' to get into
(Ole girl said it's goin' down for the night
Ole girl said it's goin' down)

Beep! Beep! The homie stole his momma's Lexus
Four of his with his daddy, four nickle Smith & Wesson
We ain't want no static we just had it for protection
Hit the liquor store for some papers and Honey Jack
You got the address to the function? Well run me that
I heard it's bad bitches, but [?] and rough [?]
Stopped to get some fries and [?] and Gus Jr
Now it' all pedal to the pavement, swangin'
Kush exchangin', Boosie Boo bangin'
Just got the addy man, the party had [?]
Bang a left at the light, she stay by the swap meet
'Cause her momma love her she let in the whole posse
Walk in screaming, "Free Nat, free Papi"
Really from the hood, Arizona's with the Takis
Really from the hood, eat everything with sriracha
Took her to the bathroom, try to get the sloppy
Damn, she wasn't havin' it
Psych, it went just how I imagined it
DJ dropped the pack when I started stabbin' it
S-S-S, bitch give me sex
Yeah I'ma dog, chase cat like a vet
California nigga, got the game from Lil B
Only do it big, don't try to be little me
Only do it major, these niggas is little leagues
Always with my team, we tighter than middle seats
I might cop a limousine and only play Chief Keef
While I chief weed, windows down in the I.E., yeah
