I might sing the hook, might kick that crack  
I might give you bars or them conscience raps  
Might take you to the strip club or to the trap  
Or to the west, to the set where them niggas funk at  
You can't push apples on the way I rap so  
Fall back Ho, cause everything I say is factual  
Like Real actual events that I've overcame  
So when you hate it just show me that you don't know the pain  
You put this and you know the game  
But be moving like a fan, Spending bands  
But leaving your son or your daughter out the plan  
See money, without wisdom that's like watering the sand, pointless  
Like a missing Dad calling himself a man  
Now understand I'm 'bout as perfect as Bill Clinton  
Don't think I'm built different  
I'm just privileged to be still living with vision  
Ratchet eating grilled chicken  
Dice still hitting and some people that said they'd never leave me  
They still missing, So look  
Don't tell me you love me unless you mean it  
Don't tell me you love me unless you mean it  
If you can't look me in the eyes, then I'm a guess you scheming  
You looking at a fucking Refugeenius  
Tell the world you see me  
Go Tell the world  
Go Tell the world you see me  
I said you looking at a Refugeenius  
Baby Tell the world you see me

But I'm a give it to you like I want to  
Co-compromise the vibe is what I won't do  
But I'm a give it to you, give it to you, like I want to... (Vibe)

I used to beat on a table, Just to get off a verse  
16 years before I got a pen and rehearsed  
No paper, just greatness coming straight out my head

Before I rhyme you ever heard a mime was written in red  
So yeah, You looking at a maa' fucking legend  
Cussin' while I'm busting, cause I meant it when I said it  
Women in the section know the city that I'm repping  
So hands up like you know the answers to my questions  
They Don't want feelings, they want hits  
They'll take it themselves, they want that shit  
So I'm not surprised they come and go that quick  
Rap tip if you trying rapping, you can't rap quit  
Cause you the main thing finna water the game down  
Daughters out here stripping and messing with lames now  
Ass shots popular ain't even strange now  
When u fake thinking you real, and you think I'm a change now  
I'm a change the game back like the groove and I mean it  
If you can hear this that means everything's been green lit  
Feeling in your stomach finna make your whole team shit  
Just means you met the real niggas, tell the world you seen it  
...  
I said you looking at a Refugeenius  
Baby tell the world you see me

Com-compromise the vibe is what I won't do  
But I'm a give it to you like I want to  
Compromise the vibe is what I won't do  
But I'm a give it to you, give it to you like...
