Audioslave

**A D A D A D A D**

**A D**  
Settle down now and sit with me

**A D**  
Let me tell you how this all came to be

**A D**  
A yellow flower with your pedals to the air

**B5 D5 A B5**  
And flying on paper wings that brought you here

**A D**  
Summer rolls on in the lazy hours

**A**  
An ether dream way

**D**  
Of hummingbirds and clouds

**A D**  
Midnight swims in the cool black waves

**B5 D5 A B5**  
And you in my arms as it rolls away

**D5 E5**  
Little dandelion

**E5 F#5**  
Let your heart keep time

**D5 E5**  
Now the clouds are gone

**E5 F#5 F#5 Es5 F#5 Es5**  
All of your tomorrows shine oooooooooohhh oooooooooohhh
