

Shadow On The Sun

Audioslave

Dm

Once upon a time

F

B

G

I was on a mind to lay your burden down

Dm

And leave you where you stood

F

You believed I could

B

G

You'd seen it done before

Dm

I could read your thoughts

F

And tell you what you saw

B

G

And never say a word

Dm

But now that is gone

F

Over with and done

B

G

And never to return

Dm

I can tell you why

F

People die alone

Dm

I can tell you why

B

The shadow on the sun

Staring at the loss

Looking for the cause

And never really sure

Nothing but a hole

To live without a soul

And nothing to be learned

Dm

I can tell you why

F

People go insane

Dm

I can show you how

B

You could do the same

Dm

I can tell you why

F

The end will never come

Dm

I can tell you on

B

The shadow on the sun!!!
