

# Breaking You

Audrey Assad

You've been let down, it's true  
Your pain is so easy to see  
You're haunted by your history  
And it feels like you've got no escape

Your life left you high and dry  
You used to be sure of yourself  
But then your whole world went to hell  
And tomorrow looks just like today

So, you lie on your bed, you won't let the morning come  
in  
And you hide in your room, feeding that fear and it's  
killing you  
Don't you know  
That it's killing me too, cause your heart break is  
breaking you

I miss the life in your eyes  
The home that I found in your arms  
And now you don't know who you are  
But I won't give up on you  
No

You lie on your bed, you won't let the morning come in  
And you hide in your room, feeding that fear and it's  
killing you  
Don't you know  
That it's killing me too, cause your heart break is  
breaking you

And you lost your fire  
And your flame's gone out  
And you down on your knees  
Cause your life is not what you thought it would be  
No,

Lift up your head  
Help is on the way  
And it won't pass you by  
You just gotta reach out your hand

Lift up your eyes  
Love is on the way  
And it won't pass you by  
You just gotta reach out your hand

Go on and lift up your head  
Because love is on His way  
And He won't pass you by  
You've just gotta reach out your hand
