

Made New

Audrey Assad

Oh, make a new earth
Out of all creation groaning
Verdant and pure
With no seedling kept from growing
We want a rebirth
'Til the seas and land are slowly

Made new, made new
Made new, made new
We want the whole earth
We want the whole earth
Made new, made new
We want the whole earth
We want the whole earth
Made new

Oh make a new earth
In Your mercy come restore us
Flowering and fertile
Make a garden here among us
We want a rebirth
We want every field and forest

Made new, made new
We want the whole earth
We want the whole earth
Made new, made new
We want the whole earth
We want the whole earth
Made new, made new
We want the whole earth
We want the whole earth
Made new, made new
We want the whole earth
We want the whole earth
Made new

Made new, made new
We want the whole earth
We want the whole earth
Made new, made new
We want the whole earth
We want the whole earth
Made new, made new
We want the whole earth
We want the whole earth
Made new, made new
We want the whole earth
We want the whole earth
Made new
