

# River

Audrey Assad

Seek good, not evil, follow the Lord and live  
God will be with you, just as you say He is

Clean up your courtrooms, and all your prisons too  
Come join the mourners, and God will weep with you

Let justice roll like a river, roll like a river  
Come and deliver, roll like a river  
Roll like a river, roll like a river  
Come and deliver, roll like a river

He will stand with us, to liberate the poor  
Nothing can stop us, our help is from the Lord

Let justice roll like a river, roll like a river  
Come and deliver, roll like a river  
Roll like a river, roll like a river  
Come and deliver, roll like a river

Hey, I am made of planets  
Oceans and stardust and it's not that far from us  
My skin's geology it got its scars from us  
Pain rivers and road and deep chasms and depressions  
Made of cliff divers and the rocks that they stand on  
And abuse of man and beast made resources increase  
Came from the least you make treasures out of trash  
Understand the land in a way that came from pain  
Your loss is my gain and in the end, it's not equal  
I appeal to the resilience of my people  
Remain calm and watch nations rage  
I've seen the oceans part by the ancient of days  
And it rolls
