

# Weightless

Audrey Horne

Here I am  
A man disguised to the unknown  
I move around, unseen  
Covering my tracks

Break my bones and suck my soul  
I'm coming strong on you one and all  
Lay me down in a pool of rain  
You'll get what you deserve my friend  
I'm strong, so let it rain

I will never break down  
I will never fade  
Days like this  
I walk silently weightless  
Where you are  
I know, you have seen my reflections

Break my bones and suck my soul  
I'm coming strong on you one and all  
Lay me down in a pool of rain  
You'll get what you deserve my friend  
I'm strong, so let it rain  
Let it rain  
I'm strong, so let it rain

I will never break down  
I will never fade

Days like this  
I walk silently weightless

Break my bones and suck my soul  
I'm coming strong on you one and all  
Lay me down in a pool of rain  
You'll get what you deserve my friend  
I'm strong, so let it rain  
I'm strong, so let it rain
