

deep end

Audrey Mika

Living with the back door open
I'm at a loss for words
Settle down
Give you the world, it's not about drinks
What you on about?
Can't you see there's more to me and you?
Ou-ou

There are things we could never believe in
Goin' off the deep end (Uh)
Tryna find a reason (Oh-ah)

There are things we should never believe in
Goin' off the deep end (Goin' off the deep end)
Bum, bum, boh, yeah

Goin' off the deep end
Goin' off the
Goin' off the deep end
Goin' off the (Yeah)

Goin' off the deep end
Goin' off the
Goin' off the deep end
Goin' off the (Yeah)

All of my walls keep cavin' in
Scared of the darkness filled within
You rest assure that I'm all yours
And you'll be here

I'm on the road again (I'm on the road again)
What am I supposed to do?
I'm all alone again (I'm all alone again)
Trying to get to you

Living with the back door open
I'm at a loss for words
Settle down
Give you the world, it's not about drinks
What you on about?
Can't you see there's more to me and you?
Ou-ou (Uh)

There are things we could never believe in
Goin' off the deep end (Uh)
Tryna find a reason (Oh-ah)

There are things we should never believe in
Goin' off the deep end (Goin' off the deep end)
Bum, bum, boh, yeah

Goin' off the deep end (Goin' off)
Goin' off the (Goin' off the deep end)
Goin' off the deep end (Yeah, yeah, yeah)
Goin' off the (Yeah)

Goin' off the deep end
Goin' off the (Goin' off the deep end)
Goin' off the deep end (Goin' off the deep end)
Goin' off the

Oh-ah, yeah

I know you're scared of falling in, but what do we have left?
I promise I'll be there for you, let's figure out the rest (Oh-ah, yeah)
I said it once, I'll say it twice, don't make me say it again, again
It's all for you

Oh-ah, yeah
