

# heart eyEs

Audrey Mika

Smoke in the kitchen  
Had my hands on your back  
Played you a demo  
You said you love that

I like the world a little less when you're gone  
Oh I get heart eyes when you talk to my mom

Oooo  
You turn me into butterflies

I don't sleep  
I dream of you  
I don't breathe  
I kiss you

We always talk about the day that we met  
You are my favorite happy accident  
I ask you what you want for dinner tonight  
You say the same stupid thing every time

I want You  
Turn me into butterflies  
It's true  
I'd love to live inside your mind

I don't sleep  
I dream of you  
I don't breathe  
I kiss you

I don't sleep  
I dream of you  
I don't breathe  
I kiss you

Kiss you  
Kiss you  
Kiss you

Kiss you  
Kiss you  
Kiss you

Kiss you  
Kiss you  
Kiss you

You're everything  
You're all I need

You're everything  
You're all I need

You're everything  
You're all I need

You're everything  
You're all I need
