

Move To Mars

Audrey Mika

Oh there she goes
She's out of this planet
She knows she's the baddest so she move to mars

She's another type of animal
Breaking out the cage, she's out of control
She already know what she's lookin for
Lookin for

What she wants she got
It's on her plate (ahh)
Energy exotic
Primal taste (ahh)
You better cover your tracks
Cause she's always ready to attack oh
Now she's stepping on the gas
Cause nothings gonna hold her back oh

Oh there she goes
She's out of the darkness
She followed her heart and
No one can stop her
Oh there she goes
She's out of this planet
She knows she's the baddest so she moved to mars
It's the way she knows she'll make your heart break heart ache
And the way she moves she'll make the ground shake oh
Oh there she goes
She's out of this planet
She know she's the baddest so she moved to mars

(Yah)

She took a left at the Milky Way
Shooting like a star just to find her space
And no she didn't even leave a trace (trace a trace ooh woah)
Yah

What she wants she got
It's on her plate (ahh)
Energy exotic
Primal taste (ahh)
You better cover your tracks
Cause she's always ready to attack oh
Now she's stepping on the gas
Cause nothings gonna hold her back oh

Oh there she goes
She's out of the darkness
She followed her heart and
No one can stop her
Oh there she goes
She's out of this planet
She knows she's the baddest so she moved to mars
It's the way she knows she'll make your heart break heart ache
And the way she moves she'll make the ground shake oh
Oh there she goes

She's out of this planet
She know she's the baddest so she moved to mars
