

Real Boy

Audrey Mika

Sweet, sugar cinnamon
Weak, when you walking in
Cheeks, with the rosy tint
Ahhhh

Dumb happy, stupid little smile
Got me feeling like a child
In a candy shop

I'm out my mind for this fool
Are you too good to be true?

Are you really real, boy?
(I'm not sure)
I like the way I feel, boy
(For sure)

Make me
Kinda wanna stay up all night and never leave
Wanna be the only girl in your fantasy
(For sure)
(I'm not sure)

Baby, kinda wanna stay up all night and never leave
Wanna be the only girl 'cause you're my real boy
Are you really, really, really real, boy?

Smooth talking, feeling like
2:30, pink white
Mood so good, I could die
(Right here)

You are the missing puzzle piece
To my little family
Let's go walk the dogs

I'm out my mind for this fool
Are you too good to be true?

Are you really real, boy?
(I'm not sure)
I like the way I feel, boy
(For sure)

Make me
Kinda wanna stay up all night and never leave
Wanna be the only girl in your fantasy
(For sure)
(I'm not sure)

Baby, kinda wanna stay up all night and never leave
Wanna be the only girl 'cause you're my real boy
You're my real boy
(For sure)
You're my real boy
You're my real boy

Are you really, really, really real, boy?

(You're my real boy)

Are you really, really, really real, boy?
