

## whAt about japan

Audrey Mika

I was like, when is the song gonna start?

I know a place we can go  
Get away, yeah yeah yeah  
Anywhere you wanna go  
Oh yeah yeah yeah, yeah yeah yeah

Up in my tower, I'm feeling sour  
Don't bring me roses, just take me to flowers  
Get in the car, listen to Fink  
While we talk to the ocean

I wanna be like a girl on the sand  
No one to be, forget who I am  
Watching you write all the things that you do  
Dude, I'd go anywhere with you

I know a place we can go  
Get away, yeah yeah yeah  
Anywhere you wanna go  
Oh yeah yeah yeah, yeah yeah yeah

Yeah yeah yeah, yeah yeah yeah  
Yeah yeah yeah, yeah yeah yeah

Callous nights but what about your past? (What about your past?  
)  
Close your eyes, the world is in, the world is in your hands, s  
o  
What are we waiting for? Tell me  
What are we waiting for? Baby (what are we waiting for?)  
Get your shit, let's go  
Let's play it out, it's okay  
Economy only, I can't afford first class

I know a place we can go  
Get away, yeah yeah yeah  
Anywhere you wanna go  
Oh yeah yeah yeah, yeah yeah yeah
