

Two weeks since I been off the lolli
Two days since you and I platonic
I try but I can't be no Bonnie
I swore I wouldn't dial
But fuck it, I'm dying to feel

Fuck it, I'm dying to feel
I'm at the diner just hoping you will
Fuck it, I'm dying to feel
Fuck it, I'm dying to feel something good
Fuck it, I'm dying to feel something good
Something good

Now I'm two high to drive home
Two high to drive home
Two high to drive home
Two high to drive home
Two high to drive home
Two high to drive home
Two high to drive home
Two high to drive

Least I kept the low rider
Least now I do what I want
101, rocking no visor
Keep the eyes dry prior to the cannon bomb

Fuck it, I'm dying to feel
I'm at the Roxy, I'm hoping you will
Fuck it, I'm dying to feel something
Fuck, I'm just dying to feel something good
Fuck it, I'm dying to feel something good
Just something good

Now I'm two high to drive home
Two high to drive home
Two high to drive home
Two high to drive home
Two high to drive home
Two high to drive home
Two high to drive home
Two high to drive

Two high to drive home
