

Dance Dance Dance

Audrey Nuna

The floor is melting, the floor is melting, the floor is melting
The floor is melting, the floor is melting, the floor is melting

I slide, bae
Now, baby, come on
Don't be shy now, baby, come on
I get sly now, baby, come on
Don't be sly, get sentimental

The floor is melting, the floor is melting
Get sentimental
The floor is melting, the floor is melting, the floor is melting
Melting, melting

You gotta dance, dance, dance, dance
Dance, dance, dance until the world ends
You gotta dance, dance, dance, dance
Dance, dance, dance until the world ends
You gotta dance, dance, dance, dance
Dance, dance, dance until the world ends
You gotta dance, dance, dance, dance
Dance, dance, dance until the world ends

Lie to me
Why u lie to me?
Forbes won't change ur fate
Burn that resume
Feed me that rattlesnake
Feed me that frito lay
Up on that diamond plate
Why u lie to me?

The floor is melting, the floor is melting, the floor is melting
Melting, melting
Get sentimental
The floor is melting, the floor is melting, the floor is melting
Melting, melting

You gotta dance, dance, dance, dance
Dance, dance, dance until the world ends
You gotta dance, dance, dance, dance
Dance, dance, dance until the world ends
You gotta dance, dance, dance, dance
Dance, dance, dance until the world ends
You gotta dance, dance, dance, dance
Dance, dance, dance until the world ends

World ends
Dance, dance, dance, dance, dance, dance, dance, dance
World ends
Dance, dance, dance, dance, dance, dance, dance, dance
World ends
Dance, dance, dance, dance, dance, dance, dance, dance
World ends
Dance, dance, dance, dance, dance, dance, dance, dance
