

Doggie Pound

Audrey Nuna

(Nobody do it like me, nobody do it like me
Nobody do it like me, nobody do it like me
Nobody do it like me, nobody do it like me
Nobody do it like me, nobody do it like me)

Nobody talk like me
Nobody walk like me
Nobody shed like me
Nobody flirt like me
It's opening ceremony
And no I ain't no Jolie
But all you snitches gon see
That nobody ... like me
Cut that bullshit, tryna get lean
3 a.m., I'll go Hakeem
Runnin' that pistol, runnin' that quiche

Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me

Suuu
Hit you with karate chop
Running at the tippy top
Order that filet mignon
Move
Open up that aperture
I'm staying an amateur
Your momma got this manicure

I've been runnin' 'round
No ball gown
Glass Versace slippers
Lost and found
Sniffing out the traitors
Sniffing out the town
I've been runnin' 'around
Without a sound
Can't lead me astray
No I ain't built for that doggie pound

Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me, nobody
Nobody do it like me, nobody do it like me

All you rats in a pack
All they want a snack

All for the racks
All for the racks
Bring the gas
Tonight I'm blowing up the cash
All for the racks
Bombs coming from your tax
