

Me & My Baby

Audrey Nuna

Me and my baby hopping out the spaceship
Snatch out yo' brains, no resuscitation
Cop a check, macaroni, 'cause the cheese is flaking
Pop the roof off the Johnny, get you percolating

I'm a dog
Ego popping out
Popping out
Fuck it all
Never been devout
Been devout
Keep it raw
Ribeye and the trout
And the trout
Cannon ball
Swimming through the drought

Me and my baby, baby, baby, baby
Me and my baby, baby, baby, baby
Me and my baby, baby, baby, baby
Me and my baby, baby, baby, baby

Me and my baby hopping out the station
Smash out your brains with the shit we saying
Cop a check, macaroni, 'cause I been complacent
Pop the roof off the Johnny 'cause this shit is shaking

Fuck it up
Throw two Vans on your Barbie doll
R13 in my catalogue
Heart on sleeve, need a bodyguard
Suck it up
Don't need tips, I go snip, snip
Body average with a backbone
Out the well, we lifting Pinot

Me and my baby, baby, baby, baby
Me and my baby, baby, baby, baby
Me and my baby, baby, baby, baby
Me and my baby, baby, baby, baby

Me and my baby, baby, baby, baby
Me and my baby, baby, baby, baby
Me and my baby, baby, baby, baby
Me and my baby, baby, baby, baby

Me and my—, me and my—, me and my—, me and my—
