

Mine

Audrey Nuna

Guess how many times I can make you cry
Guess how many times I could leave you dry
Can you make it right?
Can you make it right?
Yeah your love is blind, can you see the signs?

The boy is mine
The boy is mine
The boy is mine

Chrome hearts and I break 'em still
He love sick yeah he get them chills
VVS, can you keep it real?
Need an IV, this shit too ill

I'll be out side now, what you gonna do?
I don't wanna pipe down, what you gonna do?
I'm on a flight now, what you gonna do?
Imma do me now, baby do you

Guess how many times I can make you cry
Guess how many times I could leave you dry
Can you make it right?
Can you make it right?
Yeah your love is blind, can you see the signs?

The boy is mine
The boy is mine
The boy is mine

Imma need chips, Imma pay some bills
Why you flex when your shit so lil
Stay on beat baby no fills
Immodium b this shit too real

Why you so mad?
Hop in the coupe?
I'm bout to crash
Body on you

The boy is mine
The boy is mine
The boy is mine
The boy is mine
The boy is mine
