

Nothing Feels The Same

Audrey Nuna

Riding, riding in Bentayga Blue, if that means you love me
Riding, riding in Bentayga Blue

Bang-bang, shot you down
All this shit on Instagram
Proppin' up that webbie cam
Play me like Sinatra jam
Bam-bam, Jackie Chan
I just sing, don't do no dance
I just shit, don't hit no prance
I'm getting buff from heavy glance

Huh, ho
I can't really lie, nothing feel the same
Huh, ho
I can't really lie, nothing feel the same

Bam-bam, open zoo
Fly as fuck, I'm cockatoo
Hiding out in Amsterdam
Red lights by the chapel grounds
Bang-bang, what it do?
Guess I'm just so fucking cool
Ride in your Bentayga Blue
If that means you love me too
Bang-bang, don't you move
'Fore they tell you what to, tell you what to do

2018, I was making no plans
2019, I was taking a chance
Cheeks so high and the sky stayed yellow
Bluegrass, I was smoking limoncello, uh

Huh, ho
I can't really lie, nothing feel the same
Huh, ho
I can't really lie, nothing feel the same
Huh, ho
I can't really lie, nothing feel the same
Huh, ho
I can't really lie, nothing feel the same
I can't really lie, nothing feel the same
I can't really lie, nothing feel the same
I can't really lie, nothing feel the same
Nothing feel the same
I can't really lie, nothing feel the same

Riding in Bentayga Blue, if that means you love me too
In Bentayga Blue, if that means you love me
Riding, riding in Bentayga Blue, if that means you love me too
In Bentayga Blue, if that means you love me too

Married for visa, ain't his wifie, that's his pay pal
Now they going steady off the Visa and the Paypal, yeah
Yeah, I guess I'm petty
Yeah
Yeah, I guess I'm petty

We were co-dependent
Yeah, I guess I'm petty
We were co-dependent
You wanna dip, I'm ready

Can't get Kenny on the phone
Till I'm poppin' like Monet
God just give my ass a break
Heart is burning from the stake out
Baby throw a bone
Yeah, I'm working every day
I be working like Tumi
I been living off the take out
