

# Pajamas

Audrey Nuna

I just hit the party in pajamas  
I don't need no melodrama  
If you cryin', bring a mop  
They just want me for the summer  
They just want me for some karma  
I don't need no melodrama  
If you leech, you get the shwat

I just hit the party in pajamas  
I don't need no melodrama  
If you cryin' bring a mop  
They just want me for the summer  
They just want me for some karma  
I don't need no melodrama  
If you leech, you get the shwat

I'm an outlaw, catch me in the news  
I'm a outlaw, baby, so are you  
So run your mouth off, just let it go  
Run ya mouth off, slit me out the blue  
Just out the blue  
And let it go  
I'm a outlaw, I could finish too  
Guess I'm a pop star  
Pop out, out the blue  
Just out the blue  
Just out the blue

I just hit the party in pajamas  
I don't need no melodrama  
If you cryin', bring a mop  
They just want me for the summer  
They just want me for some karma  
I don't need no melodrama  
If you leech, you get the shwat

I just hit the party in pajamas  
I don't need no melodrama  
If you cryin', bring a mop  
They just want me for the summer  
They just want me for some karma  
I don't need no melodrama  
If you leech, you get the shwat

I'm an outlaw, catch me in the news  
I'm an outlaw, baby, who are you?  
Got no mask on  
I'm Sailor Moon  
Ankle fracture when I alley-oop  
I alley-oop  
Carmelo  
Here come the raptors  
Sniffin' out the stew  
I seen a Pop Tart pop out a the blue  
Just out the blue  
Just out the blue

I just hit the party in pajamas  
I don't need no melodrama  
If you cryin', bring a mop  
They just want me for the summer  
They just want me for some karma  
I don't need no melodrama  
If you leech, you get the shwat

I just hit the party in pajamas  
I don't need no melodrama  
If you cryin', bring a mop  
They just want me for the summer  
They just want me for some karma  
I don't need no melodrama  
If you leech, you get the shwat

I just hit that, I'm a rotten owner  
I just hit that marijuana if you know me  
I tend to run anothe, oh, the summer it's the summer  
Even kisses on the baby, even kisses on the baby, yo
